

NOTHING BEATS A — **TIMESAVERS**

32 Series

The 32 RB Series has been developed based on the Red Dot Award Winning 42 RB Series and is equipped with Timesavers' market leading technology. This machine can be operated intuitively and easily. Its ergonomic design allows for ease of operator use with an angled control panel and large viewing windows to maintain control throughout the process. This innovative, high-quality deburring and edge rounding machine ensures the right finish for your process, every time.
